

## JAMAICA THEOLOGICAL SEMINARY

---

### **Student Work-Study**

Student Work-Study is dependent on available jobs on campus, such as in the Library, Resident Advising and assistance with security and general maintenance. From time to time, financial assistance comes in from other sources. During the review period the administration has allocated a sum of \$700,000.00 in each of the annual budgets. This is annualised to approximately \$995,600.00. This programme is thus a significant medium of financial assistance to our students.
